

ZenLife – Simplify Life Sciences

Optimize your operations with industry-centric solutions

Powered by SAP S/4HANA, SAP FIORI,
and automation by SAP BTP

ZenLife, Zensar's renowned end-to-end business solution, is tailored for the dynamic life sciences industry. Seamlessly integrating and enhancing logistics, production, and finance processes, ZenLife caters specifically to pharmaceuticals, medical devices, nutraceuticals, and biotechnology.

Solution features

-  **Tailored for life sciences:** Designed for pharmaceuticals (API and formulations), biotechnology, and medical devices, providing industry-specific support.
-  **All-in-one process powerhouse:** Manage critical business processes – from branded and generic manufacturing to contract research and trading – with one centralized platform.
-  **Efficiency and insights unleashed:** Boost efficiency, gain a holistic business view, and confidently make data-driven decisions.
-  **Seamless integration and scalability:** Seamlessly extend the solution to external systems and scale effortlessly to meet your evolving needs.
-  **Ready-to-go toolkit:** Leverage pre-built content like blueprints, BPML models, and ready-made test scripts for rapid implementation and seamless deployment.

Success story: Unlocking the potential

- A leading generics provider faced fragmented data and compliance issues. Implementing ZenLife transformed its operations:

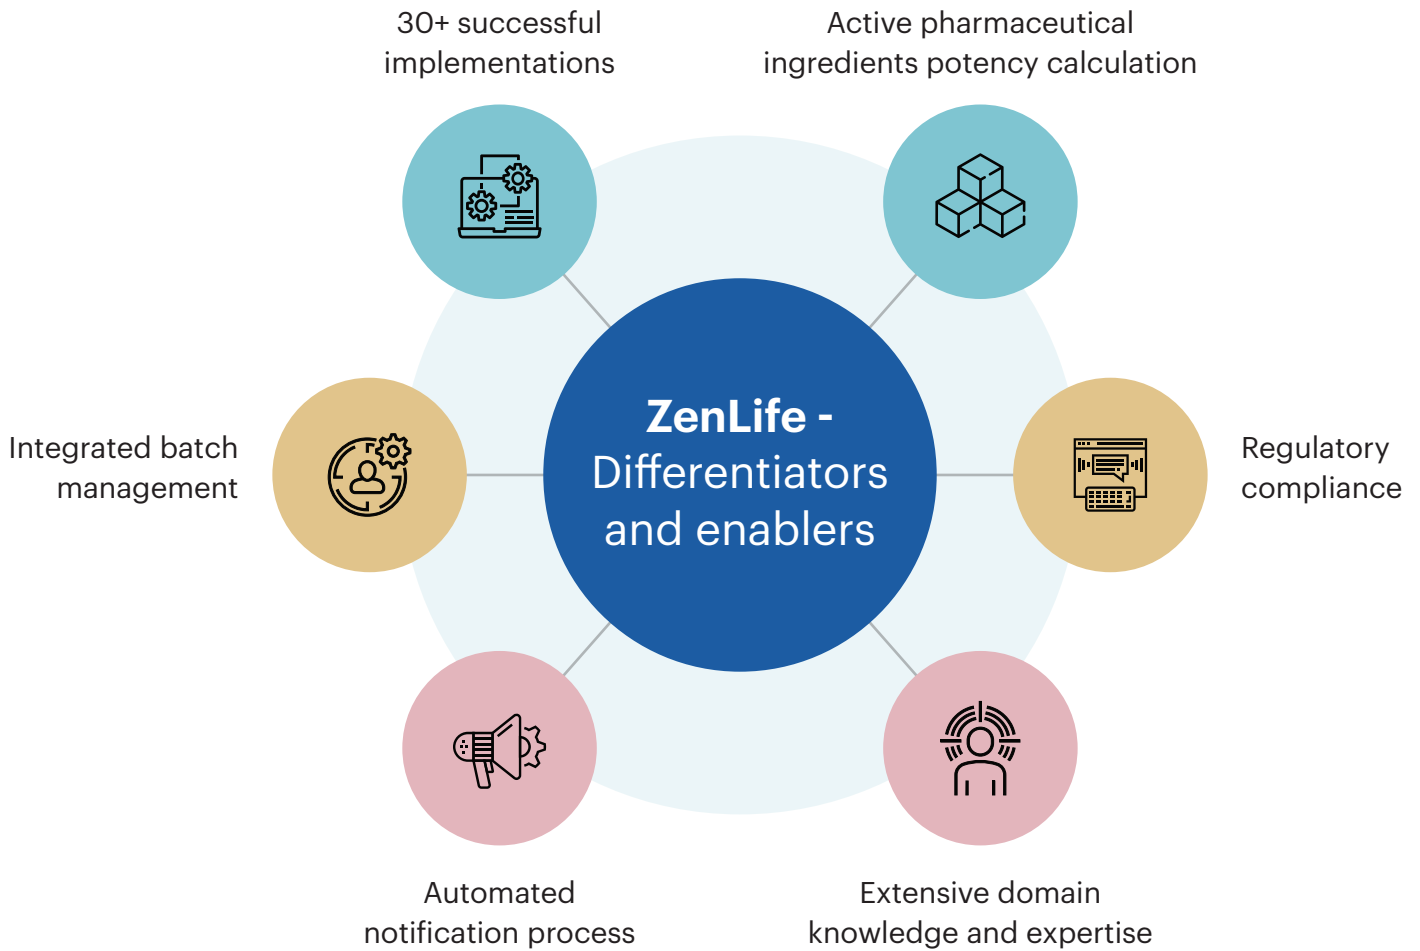

Efficiency soared by 60 percent

Inventory turnover improved by 26 percent

- Real-time visibility empowered informed decisions, accelerating the sales cycle and enhancing competitiveness

Spanning 90 percent of the life sciences value chain, ZenLife has over 200+ built-in business processes, tools, and methodologies, ensuring a rapid and cost-effective implementation to yield faster ROI.
